79B0100012C0000 – Medium Pressure TFE Hose Assemblies

SKU: 79B0100012C0000

Description

Hose assemblies may be ordered factory assembled. Bulk hose and fittings are available for customer fabricated
hose assemblies. Standard hand tools can be used for low volume assembly. Medium pressure TFE fittings are
available in a complete range of sizes and styles including straights, 45° and 90° elbows, with flared, flareless and
flanged type connections. Size -03 fittings adapt to size -04 hose and are identified by either -3/-4 or 34. Reuse of
sleeves is not recommended.
