MES/AY-PD – Messengers – Phone/Distance

SKU: MES/AY-PD

Description

- The phone/distance lead line messenger is a 200 foot length of nylon or 6 thread with snap hooks attached to each end. A 5" x 6" label is attached to one end stating "attach zero end B/B phone/distance line". It is used as a messenger for the bridge -to-bridge phone/distance and station-to-station phone lines.
