

## 6GPW71-2 – Brass Angle Hose Valve

SKU: 6GPW71-2

### Description

- Water, oil, and gas service Material: Stainless Steel, Steel and NiCu bodies Normal Temperature Range: -20°F to +230°F

### Specification Table

|                                 |                                                                                                     |
|---------------------------------|-----------------------------------------------------------------------------------------------------|
| pa_approx-dimension-b-closed-in | '4-15/32                                                                                            |
